

LETTER FROM THE [DEAN FOR THE COLLEGE OF ACUPUNCTURE AND CHINESE MEDICINE](#)

Welcome to our 2026 Symposium. As Dean for the College of Acupuncture and Chinese Medicine, I'm glad you're here to enjoy an energizing weekend of learning, connection, and professional growth.

Bringing you exceptional continuing education experiences is a priority for us, and this year's lineup of presenters and hands-on sessions reflects that commitment. Our keynote speaker—Dr. Jason Hao—together with our distinguished practitioners, brings real-world expertise designed to build your confidence, strengthen clinical communication skills, and deepen your knowledge of neuro-acupuncture.

Elevating the acupuncture and Chinese medicine profession is central to our mission, and we're honored to support your continued growth through high-quality, evidence informed learning.

While you're on campus, we invite you to visit our Vision Partners and exhibitor booths to explore innovative products and solutions that complement your practice. NWHSU's TruNorth Wellness Hub is also open during the symposium—another great resource to support the important work you do every day.

Community building is important to NWHSU. Alumni, help us keep you connected by sending any updated information to Katy Hargis at [khargis@nwhealth.edu](mailto:khargis@nwhealth.edu). You can also stay connected by following the weekend's happenings on NWHSU social media platforms, and—new this year—you can upload your pictures to our Continuing Education team's Google Photos album.

Your work plays a vital role in today's healthcare landscape and makes a meaningful difference in the lives of the people you serve. We're confident you'll leave this weekend with new insights, renewed inspiration, and practical tools you can bring back to your practice.

Chad Osgood, EdD, LAT, ATC

Dean, NWHSU College of Acupuncture and Chinese Medicine
